

Cross Country Charity Run Donation

Attached are the photos of my wheelchair lift that I recently had fitted to my VW Caddy. The donation that Kenridge Primary made to my car project went towards this lift. I know it is a few years later (and many of the children are now in high school!) but I'd like to thank the school once again for their generosity and spirit! I greatly appreciate the support, especially from Emma Roussouw and Jenny Fisher who made the fundraiser possible.

I will always think of Kenridge Primary whenever I use the lift! This is the first step to having the Caddy adapted for my needs.

Wishing you a happy Easter!
Nicky
